

Memorandum

Date: November 6, 2007

To: Honorable Chairman Bruno A. Barreiro,
and Members, Board of County Commissioners

From: George W. Burgess
County Manager

Agenda Item No. 8(A)(1)(F)

Subject: Second Amendment to Professional Services Agreement with Dade Aviation Consultants for Limited Professional Services Related to the South Terminal Program in an amount not to exceed \$7.5M

RECOMMENDATION

It is recommended that the Board approve the attached Second Amendment to the Professional Services Agreement between Miami-Dade County and Dade Aviation Consultants ("DAC") in amount not to exceed \$7.5M and exercises a one (1) year option to renew, in order to successfully complete the South Terminal Program ("STP"). It is further recommended that the Board authorize the Mayor, or his designee to execute said Amendment for and on behalf of the County and exercise any cancellation provisions therein.

SCOPE

The services being performed located within Commission District 6, however the impact of this agenda item is countywide in nature as Miami International Airport is a regional asset.

FISCAL IMPACT/FUNDING SOURCE

The funding source for this Agreement is Airport Revenue Bonds.

TRACK RECORD/MONITOR

DAC has been satisfactorily providing this service for Miami-Dade Aviation Department since the inception of the agreement. The Miami-Dade Aviation Department ("MDAD") staff member responsible for monitoring this agreement is John Cosper, PE

BACKGROUND

On December 15, 1992, the Board approved a Professional Services Agreement (PSA) with DAC for the performance of professional services in support of the execution of the Plan of Facilities Development for the Miami Dade County Aviation System. On December 3, 2002 the Board approved the First Amendment which, among other things, exercised a five (5) year option contained in the PSA and established new, lower multipliers. Under the terms of the PSA, DAC is to provide the management of architectural, engineering, planning, technical and other professional services as needed in support of Miami Dade Aviation Department (MDAD) staff.

Currently, DAC is providing general consulting services in the areas of business systems, environmental, utilities planning and DAC is also providing the typical day to day project management support required by on going Capital Improvement Program (CIP) projects.

Specifically, DAC provides document control, contracts administration support, construction claims analysis, scheduling and estimating support services.

DAC services are provided through the assignment of experienced project managers and support professionals pre-approved by MDAD. These professionals are currently playing a key role in the implementation of numerous projects recently approved by the Board as part of Phase I of the CIP, such as the South Terminal and Concourse J, Chiller Plant (in close-out phase), and others. In general, DAC's performance in these and other projects over the last fifteen years has been satisfactory.

It is critical, specifically to Phase I of the South Terminal Program, and the successful negotiations of claims, completion of base scope of work and the close-out of the project for continued services to be provided by DAC. Due to the complexity and size of the project, it would be detrimental to the County to lose the expertise and historical knowledge of DAC staff working on the program since inception. Not only would inserting new staff to complete the program impact the County's ability to successfully negotiate contractor claims, it would also add excessive costs to the program. DAC personnel currently involved in this project, because of their expertise and overall knowledge of the program, are an essential component part of MDAD's ability to deal with the following areas:

1. South Terminal Phase I Claims Management
 - Research claims issues
 - Perform time impact analysis
 - Recommend entitlement
 - Present results
 - Support negotiations
 - Settlement paperwork
2. South Terminal Phase I Completion of required Work
 - Manage work order process
 - Administer A/E contracts
 - Coordinate field activities in an operating airport
 - Resolve field issues
 - Manage punchlist
 - Manage additional operationally required work
3. South Terminal Phase I Closeout Support
 - Support final commissioning
 - Secure As-Builts/closeout paperwork
 - Closeout each of the 20 STP Annexes
 - Closeout A/E contracts
 - Closeout testing contracts

DAC currently has a total staff of 68, with 51 supporting the South Terminal Program. While MDAD indicated to the Board in September 2006 that there was no plan to exercise any extension provision, as a result of delays in the project, missing the completion date of February 19, 2007 and a proposed claim by the contractors of an amount ranging between \$80 to \$100 million dollars, MDAD is now seeking to exercise a one (1) year extension to properly close out Phase 1 and any outstanding claims.

DAC had previously supported elements of South Terminal Phase 2 project; however, in order to further reduce costs associated with the overall program, the current Phase 2 project management duties will be assumed by Aviation Department staff prior to December 15, 2007. Following the commencement of the one (1) year option this December, a reduction in the total DAC staff to 21 (70%) is programmed. This remaining staff of 21 will be dedicated to supporting the South Terminal Phase 1 program only. As specific tasks of the project are completed, DAC staff would be appropriately reduced even further.

The Annual Operating Budget is set at a not to exceed amount of \$7.5M and authorized service orders will be issued on an incremental basis based on need. The not to exceed amount is based on an anticipated breakout of three categories:

- 1) Direct labor of \$4.8M;
- 2) Other direct costs of \$1.9M (operating expenses, specialty services for claims analysis as required, close-out expenses, final DAC Contract audit as required by the contract, etc.) which are allowed with no markup; and,
- 3) Contingency \$800K to cover unknown requirements related to the Phase 1 work to be controlled through separate authorized service orders.

All other services currently provided by DAC under the current agreement will cease as of December 15, 2007.

Additionally, the PSA currently prohibits the members of the DAC joint venture from providing additional professional services to MDAD for other projects during the performance of the PSA, other than those expressly permitted under the agreement. As the services to be provided by DAC during the extended period of performance will be limited to the South Terminal Program, it is appropriate to amend the PSA to allow the individual members of the DAC joint venture to provide professional services to the County subject to the County's procurement policies.

**SECOND AMENDMENT
TO PROFESSIONAL SERVICES AGREEMENT
BETWEEN MIAMI-DADE COUNTY, FLORIDA
AND
DADE AVIATION CONSULTANTS FOR LIMITED PROFESSIONAL
SERVICES RELATED TO THE SOUTH TERMINAL PROGRAM**

THIS SECOND AMENDMENT, entered into this _____ day of _____, 2007 by and between MIAMI-DADE COUNTY, a political subdivision of the State of Florida, hereinafter referred to as the "County" and Dade Aviation Consultants, hereinafter referred to as the "General Consultant".

WITNESSETH:

WHEREAS, on December 15, 1992 the Board of County Commissioners (BCC) approved via Resolution No. R-1450--92 a Professional Services Agreement ("Agreement") with Dade Aviation Consultants for the performance of professional services in support of the execution of the Plan of Facilities Development for the Dade County Aviation System; and

WHEREAS, on December 3, 2002, the Board of County Commissioners (BCC) approved via Resolution No. R-1387-02 a First Amendment to the Agreement, and on December 16, 2002, a First Amendment to the Agreement was executed, which among other things, exercised a five-year contract extension option; and

WHEREAS, the County through the Agreement has reserved the right to exercise a one (1) year contract extension option of the Agreement; and

WHEREAS the County desires the General Consultant to perform continued professional services, within the scope of the Agreement and the General Consultant is willing to provide such additional services under the terms and conditions of the amended Agreement for the one year extension period.

NOW, THEREFORE, for and in consideration of the premises and the mutual covenants herein contained, the parties hereto agree to amend the Agreement, as follows:

1. Article 2 Services

Add: In Article 2.1, at the end of the second to last paragraph, add the following new sentence:

Notwithstanding the above, effective December 16, 2007, the General Consultant and any other firm on the General Consultant's team will be allowed to provide professional services to the County with respect to any matter, subject to the County's procurement policies.

2. Article 2 Services

Add: Article 2.2.10 Scope of Services for Extended Period of Performance from December 16, 2007 through December 15, 2008

As directed by MDAD, the General Consultant shall perform only the following limited scope of services during the extended period of performance from December 2007 through December 2008 based on a mutually agreed service order. Such services shall be provided on a staff augmentation basis:

- a. South Terminal Phase I Claims Management Support for MDAD Project No. H010A
- b. South Terminal Phase I Program Management Support for Completion of Base and other required Work for MDAD Project No. H010A
- c. South Terminal Phase I Close-Out Support for MDAD Project No. H010A

3. Article 3.1 Annual Operating Budget

Modify the fourth paragraph as follows:

The General Consultant, in making expenditures hereunder, shall not exceed the expenditures that are approved annually in each major financial account (total Labor budget and total other Direct Charges budget) of the approved Annual Operating Budget without the prior written approval of the Department. The Annual Operating Budget shall not exceed \$25,000,000 per Fiscal Year without prior approval by the Board of County Commissioners. Notwithstanding, for the period of December 16, 2007 through December 15, 2008 the Annual Operating Budget shall not exceed \$7,500,000 without prior approval by the Board of County Commissioners.

In all other respects, the Agreement dated December 15, 1992, as amended, shall remain in full force and effect in accordance with the terms and conditions specified therein.

[Remainder of Page Left Blank]

IN WITNESS WHEREOF, the parties hereto have this Second Amendment to be executed by their respective and duly authorized officers, as of the day and year first above written.
